

HOW TO RUN A TOURNAMENT

Everything a tournament director needs: building the bracket, seeding it, dates and sites, tickets and livestreams, sponsors, taking scores from the schools, and getting the results to fans, your website, your socials and your scheduling software.

1

Build it

Format, teams, seeds and logos.

2

Schedule it

Dates, times and sites, round by round.

3

Dress it

Tickets, livestreams, sponsors, rules.

4

Publish it

A live page, your website, a QR code.

5

Run it

Schools report scores; winners move on by themselves.

BEFORE YOU START

Create Brackets builds and runs a tournament: the bracket, the schedule, the public page fans follow, and the scores coming in from the gyms and fields. You enter what you decide; who plays whom is worked out from the seeds and the results, every time.

Have these ready, or add them as you go:

- The teams, best seed first. A pasted list or spreadsheet columns work.
- How it is played: single or double elimination, round robin, pools then a bracket, or a leaderboard (golf, cross country, swimming, track).
- The dates, and any neutral sites with their addresses.
- Ticket and livestream links, if you have them, and any sponsors.

The screenshot shows the 'createbrackets' web application. On the left is a dark sidebar with the logo and navigation links: 'Tournaments', 'See a live example', and 'Guide & FAQ'. At the bottom of the sidebar, it shows the user is signed in as 'guide1792940586244@example.org' with a 'Sign out' link. The main content area has a header 'TOURNAMENTS' with a sub-header 'Build a bracket in minutes: teams and seeds, dates and sites, tickets and livestreams. Publish it, then let the schools report scores from their phones.' To the right of this header are two buttons: 'Open the Morris County example' and '+ New tournament'. Below the header, there is a card for 'MORRIS COUNTY GIRLS SOCCER TOURNAMENT' with the text 'Soccer · 2026 · DRAFT' and an 'Open' button.

Your tournaments. **Open the Morris County example** opens a real, finished tournament you can change freely: it is your own copy.

ACCOUNTS AND SAVING

With an account, everything saves online as you work, and you can publish, send score links to schools, and invite others. Without one, you can build a bracket that saves in this browser only.

- **Organization:** the conference, league or section you sign up as. Its name appears on your public pages.
- **Saving:** automatic. The rail says **All changes saved**. If two people edit at once, the second save asks which version to keep.
- **Forgot your password:** use **Forgot password** on the sign-in form; you will be sent a link to set a new one.

Short name (on graphics)

Morris County ADA

Accent colour on the public page

The conference's own colour works well.

FORMAT

24 teams - a 32-team bracket, so seeds 1 to 8 get a first-round bye

SINGLE ELIMINATION
Lose once and you are out. Any number of teams; byes go to the top seeds.

DOUBLE ELIMINATION
Teams are out after two losses. Includes the "if necessary" final.

ROUND ROBIN
Everyone plays everyone. Standings decide it.

POOLS, THEN A BRACKET
Round-robin pools, then the top teams play a bracket.

LEADERBOARD
Scored by totals: golf, cross country, swimming, track, wrestling team points.

Consolation bracket

☐ Third-place game

None

Who hosts

The higher seed, unless a site is se

Setup. The line under Format says what the bracket will be: here, 24 teams in a 32-team bracket, so seeds 1 to 8 get a first-round bye.

FORMAT	HOW IT WORKS	OPTIONS
Single elimination	Lose once and you are out. Any number of teams: the bracket is the next size up (8, 16, 32 ...) and the top seeds get the byes.	Third-place game; a consolation bracket for first- or second-round losers.
Double elimination	Out after two losses. Losers drop into the elimination bracket; its winner meets the winners-bracket champion, with an "if necessary" second final.	None needed.
Round robin	Everyone plays everyone. Standings decide it: win percentage, then head-to-head, then goal or point difference.	None needed.
Pools, then a bracket	Teams are dealt into pools (1, 2, 3, 4 ... then back), play a round robin, then the top finishers play a bracket. Pool-mates are kept apart in the first bracket round.	Number of pools; how many advance from each; third place.
Leaderboard	No games: each team gets a score for each round or event, and the totals are ranked. See Leaderboards.	Lowest or highest wins; par for golf.

Who hosts: by default the higher seed hosts each game unless you set a site. Choose *Neutral sites only* if every game is at a site you name.

STEP 2 · TEAMS AND SEEDS

Seed 1 is the best. The bracket follows the standard high school layout: 1 at the top, 2 at the bottom, so they can only meet in the final; 1 plays 16, 8 plays 9, and so on.

TEAMS

Seeds decide the bracket: 1 is the best. Drag a row to reseed, or type the seed. Click a logo box to choose a logo.

Paste a list + Add a team

24 TEAMS

Every team has a logo. Colours come from each logo and are used on the bracket.

Find logos on a website Match from the logo library Random draw Keep groups apart

SEED	LOGO	TEAM	GROUP / LEAGUE	RECORD	COLOURS
1		Randolph	Morris County	W-L	
2		Chatham	Morris County	W-L	
3		Montville	Morris County	W-L	
4		Mendham	Morris County	W-L	
5		West Morris	Morris County	W-L	
6		Morris Knolls	Morris County	W-L	
7		Madison	Morris County	W-L	
8		Roxbury	Morris County	W-L	
9		Hanover Park	Morris County	W-L	
10		Morristown	Morris County	W-L	
11		Morristown-Beard	Morris County	W-L	
12		Pequannock	Morris County	W-L	

Drag a row by its handle to reseed, or type a seed (the team that had that seed swaps with it).

- **Paste a list** : one team per line, best first. "1. Randolph" and spreadsheet columns (name, seed, league) are understood.
- **Group / league**: used by **Keep groups apart** , which nudges seeds so teams from the same league don't meet in the first round.
- **Random draw** : new seeds for everyone, at random. For unseeded events.
- **Record**: shown on the public page next to the seed.
- **Colours**: read from each school's logo and used for the winner's bar on the bracket and on graphics. Click a swatch to change it.

Logos

Click a team's logo box. A logo is trimmed, sized and checked for colours however it arrives:

LOGO: RANDOLPH×

The logo is trimmed, sized and checked for the school's colours.Remove logo

Upload a file (PNG, JPG or WebP)

Choose File No file chosen

Or an image address

Use

Search the logo library

Nothing in the library
by that name yet.
Upload it once and
every tournament
can use it.

Upload a file, paste an image address, or pick from the shared logo library.

- **The logo library** is shared by every organization. Once anyone adds a school's logo, every tournament can use it. **Match from the logo library** fills in every team it can find at once.
- **Find logos on a website** : paste a page that shows the schools' logos, such as a conference's member schools page. The images are matched to your teams by name; tick the matches to keep.
- Teams with no logo show their initials on their own colour, so the bracket still looks finished.

STEP 3 • SCHEDULE

Give each round a name, a date, a time and, if it is at a neutral site, the site. Every game in the round uses those unless you change that one game.

Every game

☐ Replace values already set

Fill down

Choose the field, the value and which games: every game, every game not yet played, one round, every game at a site, or every game a school hosts.

Create Brackets · Guide & FAQ · createbrackets.com

8 / 36

TIP

Games that already have their own value are left alone unless you tick

Replace values already set .

STEP 4 • LINKS AND SPONSORS

Post a ticket or livestream link once, at the level it applies. A game uses the closest one it finds, in this order: the game's own, its round's, its site's, the host school's, then the tournament's.

EACH HOST SCHOOL

A school's own ticket and livestream pages, used for every game it hosts. Set it once, and every home game it earns picks it up.

SCHOOL	TICKETS	LIVESTREAM
 Boonton	https://	https://
 Chatham	https://	https://
 Dover	https://	https://
 Hanover Park	https://	https://
 Jefferson	https://	https://
 Kinnelon	https://	https://
 Madison	https://	https://
 Mendham	https://	https://
 Montville	https://	https://
 Morris Hills	https://	https://
 Morris Knolls	https://	https://

G13	Montville vs Mountain Lakes	tickets.example.org/morris-county from tournament	none
G14	Morristown-Beard vs Morris Knolls	tickets.example.org/morris-county from tournament	none
G15	Madison vs Morristown	tickets.example.org/morris-county from tournament	none
G16	Kinnelon vs Chatham	tickets.example.org/morris-county from tournament	none
G17	Randolph vs Roxbury	tickets.example.org/morris-county from tournament	none
G18	West Morris vs Mendham	tickets.example.org/morris-county from tournament	none
G19	Montville vs Morristown-Beard	tickets.example.org/morris-county from tournament	none
G20	Madison vs Chatham	tickets.example.org/morris-county from tournament	none
G21	Randolph vs West Morris	tickets.example.org/morris-county from tournament	none
G22	Montville vs Chatham	tickets.example.org/morris-county from tournament	none
G23	West Morris vs Chatham	tickets.example.org/morris-county from tournament	none

What each game shows: the link each game will use, and where it came from.

Sponsors

How to add a sponsor:

- 1 Open the tournament and go to step 4, **Links & sponsors**. Scroll to the **Sponsors** card.
- 2 Click **+ Add a sponsor**. Type the sponsor's name and its website address; fans who click the logo go there.
- 3 Click the logo box and choose the sponsor's logo file (PNG, JPG or WebP). It is sized to fit.
- 4 Under **Where it shows**, choose *Presenting* (the band across the top of the page), *A round* (then pick the round), or *Games*.

- 5 For a game sponsor, use **Post once, fill down** on the same step: choose *Game sponsor*, the sponsor, and which games (every game, a round, a site, or a school's home games), then **Fill down**.
- 6 On **Publish**, click **Publish changes**. Sponsors appear on the public page straight away.

SPONSORS
A presenting sponsor shows at the top of the page; a round sponsor with that round; a game sponsor on that game. Views are counted so you can show sponsors what they got.

+ Add a sponsor

LOGO	NAME	WEBSITE	WHERE IT SHOWS
+	Your Presenting Sponsor	https://	Presenting (top of page) ▼ ×

Three kinds of placement.

- **Presenting**: a band across the top of the public page ("Presented by").
- **A round**: shown with that round ("Semifinals presented by").
- **Games**: on the game's details; set it with *Post once, fill down* → Game sponsor.

Views are counted by day, with how often each presenting sponsor was seen, on the Publish step: something real to show a sponsor.

INFO

What fans and schools need to know. It appears on the Info tab of the public page.

About the tournament

The 2026 Morris County Girls Soccer Tournament: 24 Morris County schools, seeded 1 to 24. The top eight seeds had a bye into the first round. Early rounds were played at the higher seed; the semifinals were at Montville and the final at Roxbury.

Rules (seeding criteria, tiebreakers, overtime, weather)

Tickets (prices, passes)

Parking and entry

CONTACTS

+ Add a contact

No contacts listed.

PICK'EM CHALLENGE

Fans pick every winner before the first game. Points double each round; a leaderboard runs alongside the bracket. A sponsor can present it.

Picks close (blank = when the first game starts)

☐ Run a pick'em challenge

mm/dd/yyyy -- --

Everything here appears on the public page's Info tab.

- **About, rules, tickets, parking:** plain text; a blank line starts a new paragraph.
- **Contacts:** name, role, email, phone.
- **Pick'em:** fans pick every winner before the first game; a correct pick is worth 1 point in the first round, doubling each round. A leaderboard runs next to the bracket. Picks close when the first game starts, or at the time you set.

STEP 6 · SCORES

Click a game to enter its score. The winner moves on by itself, everywhere: the bracket, the public page, calendars and graphics.

Made with  createbrackets

On a phone it opens on the current round, as cards.

Tapping a game shows the time, the site with directions, Buy tickets and Watch live, the game's sponsor, and once it is final, a score graphic.

Bracket	The full bracket, or one round at a time. Pools show standings tables.
Games	Every game by date, with ticket and livestream buttons.
Info	About, rules, the seeds, sites with directions, tickets and parking, contacts, sponsors.
Pick'em	When switched on: make picks, then the leaderboard.
Follow	A calendar for each team. Each time the team wins, its next game appears by itself.

While games are being played the page checks for new scores every 45 seconds and updates by itself.

SCORES FROM THE SCHOOLS

Each school gets its own private link. Whoever is at the game types the final score on a phone; no account, no app.

- 1 On **Scores**, click **Make the links**. Each school's link appears with a Copy button. Send each school its own.
- 2 After a game, the coach or athletic director opens the link, types both scores, and sends. The link only shows that school's games whose opponents are known.
- 3 You see the report at the top of **Scores**. Click **Approve** and it goes live, or **Reject**.

SCORE LINKS FOR SCHOOLS

Each school gets a private link. Their coach or athletic director types the final score from the field; you approve it, or let it go live by itself.

☐ Post school-reported scores without approval

Make the links

Tick **Post school-reported scores without approval** to let reports go live the moment they are sent.

SCORE REPORT

MORRIS COUNTY GIRLS SOCCER TOURNAMENT

CHATHAM

Report your games' final scores here. The tournament director checks them, then they go live.

Your name

Coach or athletic director

FIRST ROUND • GAME 16

Final: Kinnelon 0, Chatham 6

QUARTERFINALS • GAME 20

Final: Madison 1, Chatham 3

SEMIFINALS • GAME 22

Final: Montville 0, Chatham 6

FINAL • GAME 23

Final: West Morris 0, Chatham 2

[See the bracket](#)

What the school sees.

GOOD TO KNOW

Making links again replaces a school's old link, so a link sent by mistake can be cancelled.

POSTING TO YOUR SOCIALS

Every moment worth a post gets a graphic and a written caption: each round set, each round's results, every final score, the champion, and the leaderboard.

POST TO YOUR SOCIALS

A graphic and a caption for every moment: each round set, each round's results, every final score, the champion. On a phone, Share opens Instagram, Facebook or X with both ready to post. On a computer the picture saves and the caption is copied.

Hashtags to add

#MCADA #NJSoccer

CHAMPION

Chatham are the Morris County Girls Soccer Tournament 2026 champions! Chatham beat West Morris 2-0 in the final. Congratulations to every team.

Post to X

Share on Facebook

Show all 18 posts

On **Publish**. Edit any caption first; add your own hashtags at the top.

- **On a phone:** **Share picture + caption** opens the phone's share sheet with both ready: choose Instagram, Facebook, X or a text.
- **On a computer:** the picture saves and the caption is copied; paste both into the post.
- **Post to X** and **Share on Facebook** open a post with the caption and the bracket's address.

**GOOD TO
KNOW**

Posting straight to an account with nobody pressing a button needs that account connected through Meta (Facebook and Instagram) or X. It is planned; today a person presses Share.

SAVE, PRINT AND EMBED

- **Save as PDF** (Publish, or the public page): an 11 × 17 poster of the whole bracket with the page's address on it. Good for the gym wall and the program.
- **Print**: the bracket shrunk to fit one landscape page, with no buttons.
- **QR code**: for posters, programs and the PA announcer; it opens the live bracket.
- **Graphics**: the champion, any round (set or results), and every final score, sized for Instagram, Facebook and X.

PUT IT ON YOUR WEBSITE

PUT IT ON YOUR WEBSITE

Paste this where the bracket should appear. It sizes itself and updates as scores come in.

[Copy code](#)

```
<iframe src="https://createbrackets.com/embed/morris-county-girls-soccer-tournament-2026-2" title="Morris County Girls Soccer Tournament bracket" style="width:100%;min-height:640px;border:0" loading="lazy"></iframe>
<script src="https://createbrackets.com/embed.js" async></script>
```

Paste the code into any web page. The bracket sizes itself and updates as scores come in.

SENDING GAMES TO YOUR SCHEDULING SOFTWARE

Tournament games go out in the layout each system imports, so nobody types them twice. Choose the format on **Publish**, then CSV, Excel or a calendar file.

SEND TO YOUR SCHEDULING SOFTWARE
A file in the layout each system imports. Games not decided yet go in as "Winner of Game 17"; send a new file as rounds are decided.

Format

Arbiter (officials assigning)

☒ Include games not decided yet

Download CSV

Download Excel

Calendar (.ics)

THEIR PUBLISHED LAYOUT Arbiter "Importing Games" layout. Sport, Level, team and site names must match the lists already in your Arbiter group. Paste the rows into the template you download from Arbiter (Schedule > Import Games > Template).

The note under the buttons says how sure the layout is and what to check.

SYSTEM	THE FILE	HOW SURE
Arbiter (officials)	Arbiter's Importing Games layout: date, time, game, sport, level, home, away, site. Paste into the template you download from Arbiter.	Their published layout
HomeCampus	The League Schedule Import: date, time, level, game type (Playoffs), home, away.	Their published layout
ArbiterGame (schools)	One school's games: date, time, team, home or away, opponent, site.	Best match
DragonFly	Date, time, host school, visiting school, facility. One sport and level per file.	Best match
Rank One	One school's games in Rank One's schedule columns, game type Playoff.	Best match
Bound, others	A general CSV with every detail, and a calendar file.	General file

"Best match" means the system's template is behind its own login: check the columns against the template you download from it the first time.

Games not decided yet go in as "Winner of Game 17". Send a new file as rounds are decided, or untick **Include games not decided yet** .

LEADERBOARDS

For events scored by totals instead of games: golf, cross country, swimming, track, wrestling team points.

- 1 Choose **Leaderboard** as the format. On Setup choose who wins (lowest total for golf and cross country, highest for points) and, for golf, par per round.
- 2 On **Schedule**, add a column for each round, day or event, with its date.
- 3 On **Scores**, type each team's score in each column. The leaderboard re-ranks as you type and, once published, goes live as it saves.
- 4 Tick **Final: crown the champion** when it is over.

SCORES

Type each team's score for each round or event. The leaderboard re-ranks as you type.

+ Add a round or event

ENTER SCORES

Lowest total wins. Blank means not played yet.

☐ Final: crown the champion

TEAM	ROUND 1	ROUND 2	TOTAL
Chatham	296	299	
Mendham	296	302	
Montville	305	300	
Morristown	299	297	
Randolph	301	294	
Roxbury	310	304	

LEADERBOARD

LIVE Lowest score wins

PLACE	TEAM	ROUND 1	ROUND 2	TOTAL
T1	Randolph	301	294	595
T1	Chatham	296	299	595
3	Morristown	299	297	596
4	Mendham	296	302	598
5	Montville	305	300	605
6	Roxbury	310	304	614

Ties share a place ("T1"). A tie for first waits for you to say who won the tiebreaker (a playoff, or the next score) before anyone is crowned.

WALKTHROUGHS

A 24-TEAM COUNTY TOURNAMENT

The 2026 Morris County Girls Soccer Tournament, start to finish.

1. **New tournament**, single elimination, paste the 24 schools in seed order. The top 8 get first-round byes automatically.
2. **Teams**: **Match from the logo library**, then fix any it missed.
3. **Schedule**: a date for each round; the semifinals at Montville and the final at Roxbury as sites with addresses. Early rounds are at the higher seed.
4. **Links**: each host school's ticket page once; the final's livestream on the final round.
5. **Publish**, then **Make the links** and send each school its score link.
6. As scores arrive, approve them. Post each round's results from **Post to your socials**.

SCORE DAY

Eight first-round games on one afternoon.

1. Tick **Post school-reported scores without approval** if you trust the schools to report; otherwise keep Scores open and approve as they come in.
2. Fix a wrong score by clicking the game and saving the right one. Only later games it changed are cleared.
3. When the round is done, share the round results graphic and send a new file to your scheduling software.

A TWO-DAY GOLF CHAMPIONSHIP

1. Format **Leaderboard**, lowest wins, par for a team round (four players: 288).
2. Two columns, Day 1 and Day 2, with dates and the course as the site.
3. Type each team's total as cards come in; publish early so families can follow.
4. If teams tie for first, record who won the tiebreaker, then tick Final.

FREQUENTLY ASKED QUESTIONS

BUILDING THE BRACKET

Does it work for any number of teams?

Yes. The bracket is the next size up (8, 16, 32, 64 ...) and the top seeds get the byes. 24 teams is a 32-team bracket with byes for seeds 1 to 8.

Can I change the format after I start?

Yes. Dates, sites, links and scores already entered stay with their games wherever those games still exist.

How do I keep teams from the same league apart early?

Fill in each team's Group / league on Teams, then click **Keep groups apart**. It swaps seeds between near neighbours only, so the seeding stays close to what you set.

We draw seeds out of a hat. Can it do that?

Yes: **Random draw** on Teams gives every team a new seed at random.

Can I run boys and girls, or several divisions, in one tournament?

Make one tournament for each bracket. Each gets its own page, and your organization page lists them all with their champions.

LOGOS

Where do the logos come from?

Three places: the shared logo library (every logo anyone has added), a website you point it at (a conference's member schools page), or a file you upload. Each is trimmed and sized, and the school's colours are read from it.

A school's colours are wrong.

Click its colour swatches on Teams and choose the right ones.

SCORES

Who can enter scores?

You and anyone you invite as an admin or scorer, and the schools through their private links. A scorer can enter scores but cannot change the bracket.

A game ended in a tie and went to penalty kicks.

Enter the tied score, pick the winner, and add a note such as "Won 4-3 on penalty kicks". The note shows on the bracket and the graphic.

I entered the wrong winner and the next round is already scored.

Save the right score. The later scores that depended on the wrong winner are cleared (it tells you how many), and everything else stays.

What if a school sends a wrong score?

Reject it, or approve it and correct it by clicking the game. With "post without approval" on, correct it the same way.

FANS, SPONSORS AND SHARING

Do fans need an app or an account?

No. The page works in any phone or computer browser. Send the link, put the QR code on posters, or embed it on your website.

How do fans add games to their calendar?

The Follow tab: pick a team and tap Follow. Their phone's calendar subscribes, and each time the team wins its next game appears by itself.

How do I add a sponsor?

Step 4, **Links & sponsors** → **+ Add a sponsor** : type the name and website, click the logo box to add the logo, and choose where it shows: *Presenting* (top of the page), *A round*, or *Games*. Game sponsors are set with **Post once, fill down** → Game sponsor. Then **Publish changes** . Step-by-step: Sponsors.

Can a tournament have more than one sponsor?

Yes, as many as you like: one presenting sponsor at the top, a sponsor for each round, and different game sponsors on different games. Every sponsor's logo links to its website, and all of them are listed on the Info tab.

How do I show a sponsor what they got?

Publish → Views: page views by day and how many times each presenting sponsor was seen.

Can it post to our Instagram by itself?

Not yet. Today it prepares the graphic and caption and a person taps Share (on a phone it goes straight into Instagram). Fully automatic posting needs the account connected through Meta, which is planned.

Can I print the bracket?

Yes: Print fits it on one landscape page, and Save as PDF makes an 11 × 17 poster.

SCHEDULING SOFTWARE

Will the file import straight into Arbiter?

The columns are Arbiter's published Importing Games layout. Sport, level, team and site names have to match the lists already in your Arbiter group, so paste the rows into the template you download from Arbiter and check the names the first time.

Games aren't decided yet. What goes in the file?

"Winner of Game 17" as the team, or leave those games out. Send a new file as rounds are decided.

ACCOUNTS

Can more than one person work on a tournament?

Yes. Invite them to your organization as an admin (can change everything) or a scorer (scores only). If two people save at once, the second is asked which version to keep.

Can I use it without an account?

Yes, to build a bracket, which saves in that browser only. Publishing, score links and the logo library need an account.

GLOSSARY

Bye	A free pass to the next round, given to the top seeds when the number of teams isn't a full bracket.
Seed	A team's ranking going in. 1 is the best.
Consolation	A second bracket for teams that lost early, so they play again.
Double elimination	A team is out after its second loss.
If necessary	The second final in double elimination, played only if the elimination-bracket team wins the first.
Pool	A small group that plays a round robin before the bracket.
Host	The school a game is played at; by default the higher seed.
Neutral site	A named place that isn't either team's school.
Fill down	Setting one value on many games at once.
Score link	A school's private address for reporting its scores.
Embed	Showing the live bracket inside another website.
Leaderboard	A format ranked by total score instead of games.
To par	Golf: how far a total is above (+) or below (–) par.
